LERNEN LEISTEN LEBEN

## Scale of fees for external students

Louisenlund is a charitable foundation. Aside from a partial grant from the state towards the sole tuition costs (received only for local children attending a grammar school in accordance with the Schleswig-Holstein School Act), Louisenlund must cover all of its operational expenses from payments received from the parents. The fees paid by the parents are determined by the Louisenlund Foundation Board as an annual amount for one school year. Fees for the school year are to be paid monthly from 1 August until 31 July of the following calendar year regardless of the date of the summer holidays or the school terminating examinations (Abitur or IB).

The fees include the cost of lessons, health care in the event of minor ailments as well as insurance coverage for students against accident, fire and burglary.

All personal expenses for students are invoiced separately, e.g. school pullover, text books, telephone calls, travel expenses, medical treatment and any outlays incurred by the school for private activities (music lessons, remedial teaching, special sports training), excursions and leisure activities, visits to the theatre and the like.
